What We Do ...

NOFA-NH hosts public education programs, such as the annual Winter Conference and a diverse array of workshops throughout the year.

The organization supports farmers through strong programs such as our specialty crop block grants.

Advertising ...

Advertising opportunities are available in the e-newsletter, which goes out to over 2000 contacts, in the Winter Conference Program Booklet, and on our website, which obtains approximately 3000 unique views per month, providing a prime opportunity to market to a targeted constituency in the thriving sustainable and organic market sector.

Exhibit space at the Winter Conference provides businesses with a critical mass market to advertise their products and services to approximately 500 people. Our conference sponsorships provide businesses with high profile advertising exposure and exhibit space.
